Laments of Ancient Israel

Mennonite Church Saskatchewan Continuing Education event with Instructor

Wilma Baily from the Christian Theological Seminary Indianapolis, IN

May 25-28, 2010 at Wildwood Mennonite Church

This course will explore the genre of the lament as it appears in the Hebrew Bible. Emphasis will be placed on the communal laments and their function in the Israelite/Jewish community. In order to more fully understand the laments and their function, we will also study other ancient Near Eastern lament texts and contemporary or near contemporary laments including the Sorrow Songs of the African American tradition. This course will ask the question: how can churches cope with disasters that affect the entire community?

Tuesday, Thursday & Friday: 8:45-12:00, Wednesday: 8:45-4:30 pm

Cost: \$125.00 (additional \$100.00 for credit) Register by May 18th
