

Join A Witness Support Team

WST: 5-8 volunteers who work closely with an International Witness Worker, MC Canada and the Regional Church to support the Worker, generate financial support and provide communication to MC Canada congregations and supporters.

5 Key Areas of Support

1. Generates Financial Support
 - WST works with their Worker and Regional Church engagement staff to ensure the full funding required for each ministry.
 - This collaborative fundraising effort enables Workers to raise a minimum of 50% in relational funding. The remainder will be incorporated into the MC Canada budget to ensure full funding.
2. Forms and Nurtures Relationships Between Workers and Supporters
 - WST collaborates with Regional Churches to communicate opportunities for relationship and involvement.
3. Provides Personal Support and Care for the Worker
 - As the Worker prepares to leave home country, live in country, have family at home and as they return to home country.
 - The WST serves as communication link.
 - Meets regularly for prayer for Witness Worker family.
 - Advocates for the Worker and the ministry.
 - Participates in specific fundraising projects and events as the need arises.
4. Creates Opportunities of Congregational Engagement
 - Creates opportunities for the Worker, the ministry and the international partner.
 - Opportunities may include exchange visits, learning tours, fundraising events or on-line gatherings.
5. Nurtures Relationships with International Partners
 - Seeks to build a long-term relationship with the international partner (the in-country people, organizations and ministries).
 - With deeper relational connections congregations will be inspired to participate in God's mission across the street and around the world.
